17TH V20 MINISTERIAL DIALOGUE:
DEVELOPMENT AND DELIVERY IN A MULTIPOLAR WORLD

12 October 2026 (Monday) | 11:30 AM - 1:00 PM (ICT)
Level 1, Ballroom 3, Queen Sirikit National Convention Center, Bangkok, Thailand

---

Excellencies, Distinguished Ministers, partners, ladies and gentlemen, it's a pleasure to join you at the 17th V20 Ministerial Dialogue.

Today, climate-vulnerable countries face growing pressures on their economies and communities. Addressing these challenges requires financing that is accessible, offered on appropriate terms, and aligned with national priorities.

At the Saudi Fund for Development, we believe that the true measure of development financing is not only how much we provide, but the lasting difference it makes in people's lives. That difference is seen when families gain access to clean water, children have better opportunities through education, and communities receive essential healthcare. These are the foundations of stronger communities and more resilient economies.

For more than five decades, this focus on human impact has guided SFD's work across more than 100 countries, including small island developing states, where climate risks threaten livelihoods and economic stability. Our experience has shown that lasting impact depends on strong partnerships, shared responsibility, and solutions that reflect each country's priorities. This is why we welcome discussions under the Vulnerability to Viability Compact, particularly efforts to improve access to concessional financing and strengthen cooperation among development institutions.

SFD remains committed to working alongside the V20 and our international partners to put human impact first and strengthen resilience.

ENG. FAISAL MOHAMMED AL-KAHTANI
Deputy Chief Executive Officer
Saudi Fund for Development (SFD)
